

Princess Juliana  
International Airport

*We are hiring*  
Join our team!

## Mechanical Engineer / Supervisor

**Princess Juliana International Airport (PJIAE)** is a leading aviation hub dedicated to providing exceptional service and ensuring safety and efficiency in all operations. Our Electrical Mechanical Department is at the forefront of innovative infrastructure development and maintenance, ensuring the continuous improvement and sustainability of our facilities. We seek a highly skilled and motivated Mechanical Engineer to join our technical team. The successful candidate will have a strong background in mechanical engineering with specific experience in HVAC systems, domestic water infrastructure, sewage water infrastructure, and fire detection and suppression systems. Knowledge of NFPA standards is a plus.

### KEY RESPONSIBILITIES

- Coordinate and oversee various infrastructure projects from inception to completion, ensuring they are completed on time, within budget, and to the required quality standards.
- Utilize Computerized Maintenance Management System (CMMS).
- Manage project schedules, resources, and budgets, ensuring efficient utilization of resources.
- Collaborate with cross-functional teams, contractors, and stakeholders to ensure seamless project execution.
- Conduct site inspections and assessments to monitor progress and ensure safety and quality standards compliance.
- Prepare and present detailed project reports, including status updates, risk assessments, and mitigation plans.
- Ensure all projects adhere to local regulations, industry standards, and best practices.
- Maintain comprehensive project documentation and records.

### REQUIREMENTS

- Bachelor's degree in Mechanical Engineering or a related field.
- Proven experience in managing projects involving HVAC systems, domestic water infrastructure, sewage water infrastructure, and fire detection and suppression systems.
- Valid driver's license required.
- Knowledge of NFPA standards is highly desirable.
- Strong project management skills with the ability to manage multiple projects simultaneously.
- Excellent problem-solving and analytical abilities.
- Strong communication and interpersonal skills, with the ability to work effectively with diverse teams.
- Proficiency in project management software and tools.
- Detail-oriented with strong organizational skills.

### BENEFITS

- Competitive salary and benefits package.
- Opportunity to work in a dynamic and collaborative environment.
- Professional development and growth opportunities.

### APPLICATION PROCESS

Interested candidates are invited to submit their resume and cover letter detailing their qualifications and experience to [career@sxmairport.com](mailto:career@sxmairport.com) **October 30, 2024**. Please include "Mechanical Engineer / Supervisor" in the subject line.
